REGIONAL DEVELOPMENT AND ECONOMIC GROWTH: A SELECT BIBLIOGRAPHY

Prepared by Staff in the Canadian Department of Economic Expansion

This selected international bibliography was prepared in the Planning Division, Department of Regional Economic Expansion, Ottawa, by N.G. Pillai, with the assistance of Joyce Ling (of the Division's staff), and of Jacques Martin (Incentives Division), and Dolly McElroy and Marcel Berieault (Public Information Division). It is a by-product of the Planning Division's research work on regional development, and it is a revised version of a bibliography prepared in the Planning Division, Atlantic Development Board, Ottawa, in March 1968.
